## ROOSEVELT DAM SAVES MANY CROPS

**Enhances Value of Arizona  
Land in Salt River  
Valley.**

Phoenix, Ariz., July 19.—Farmers in Salt River valley, Arizona, are rejoicing in the approaching completion of Roosevelt dam. The water stored behind this structure has already saved this year's crops from probable what would have been complete destruction from drought. The normal flow of the river is lower than at any time during the last six years, and stored water to the extent of about 45,000 acre feet was drawn from the reservoir during June. Up to July 1 a total of \$38,766.95 had been received from the sale of water. More than 130,000 acres are now under irrigation.

### Sale for Farm Property.

There is great activity in the valley in the sale of farm property. The sales run from 1/2 acre tracts to quarter and half sections. A number of large tracts have been subdivided into 5, 10, 20 and 40 acres and are being disposed of to homesteaders. The value of lands at the present time under cultivation ranges from \$75 to \$500. Raw lands from \$60 to \$250. The latter priced land of course is that suited to the growing of citrus fruits. The value of cultivated lands at the time the project was initiated was \$40 to \$150 an acre, and raw land \$10 to \$50.

Agricultural conditions at the present time appear to be in excellent shape, prices for farm products being uniformly good. New hay is selling for \$10 a ton, and new rolled barley at \$1.25 a hundred weight. Various lines of business in the town throughout the valley is also good, failures in mercantile lines being practically unheard of.

### NEW JUSTICE NAMED BY NACO SUPERVISORS.

Mounted Inspector Returns to Duty—Cananea Traffic Manager Goes to Denver—New Residents Arrive.

Naco, Ariz., July 19.—T. Evans, until recently traffic manager and purchasing agent for the Cananea Consolidated Copper company at Cananea, Mex., passed through Naco en route to Denver, where he will be manager of the mine and the smaller supply company. C. S. Bites will take the position resigned by Mr. Evans at Cananea.

The rainy season has arrived and all trains have been late the past few days. George Dunn has gone to his mining property in the Ajo mountains, Sonora, Mex.

Capt. Charles Donaldson, mounted inspector of the customs service, is again stationed at Naco.

### How To Get Instant Relief From Itching Skin Diseases

An inflammation of the skin caused by the presence of a tiny mite which burrows in the skin, causes the itching in Eczema, Itch, Acne, itching scalp and feet, Prickly Heat and the many other forms of skin diseases. Scratching does not cure, nor does it only aggravates the case and makes it worse. There is only one way to cure—kill the mite and so remove the cause. Little's Liquid Sulphur Compound gives instant relief the first application and in a short time kills the mite and gives a permanent cure to every form of skin trouble. Sample bottles postpaid for 10c. Rhuma-Sulphur Co., St. Louis.

There is a surplus of cars for hay shipment at Dexter and this condition is unusual. Very little hay is now being loaded, as most of the second crop has already been shipped or stored, while the third cutting is not yet started. The record price for hay this year was broken when mayor Jerry Casler, of Dexter, offered \$11 a ton for extra choice pea green hay. He is shipping to Memphis, Tenn.

Cummings & Hall, who have been drilling an artesian well on the Townley ranch, owned by the Calmet Ranch company, succeeded in getting out 45 feet of drill pipe that was lost in the hole. The well is now over 900 feet deep and drilling will be resumed at once.

Mayor Casler telephoned from Dexter that the well brought in by J. R. Stanley, on the large farm east of the Pecos river, registers 19 inches over an eight inch casing.

Chance Brothers Automobile company at Dexter has received a carload of Regal automobiles.

### DOG FRIGHTENS BISBEE DINERS.

**Jumps Through Window On Table—Heavy Wind Causes Damage.**

Bisbee, Ariz., July 19.—While eating dinner at the home of L. C. Ratnan a party of guests were startled by a big dog jumping through an open window onto the table. Believing the dog mad, the guests became panic stricken. The canine, however, was easily routed.

While he was looking up the shaft at the Briggs mine a quantity of water mixed with ore dust fell into H. J. Blower's eyes. He was taken to the Calumet & Arizona hospital.

A very high wind prevailed in Bisbee. Some fences were blown away and a few small houses sprouted in Tombstone canyon. No serious damage was done.

### An Expert's Opinion of Skin Diseases

A prominent, national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Mr. Knoblauch will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

## TELEPHONE LINE IS FINISHED TO CLINT.

**Alfalfa Sells at \$13—Wyatt and Elliott Ship First Wheat.**

Clint, Tex., July 19.—The toll line of the Tri-State Telephone company was completed to El Paso Monday. It is not possible for the ranchers to talk from their homes as yet, as the switch-board has not arrived.

Several cars of alfalfa are being marketed every day at this place and the price is much better than a year ago, \$13 being paid for choice hay.

Wyatt & Elliott shipped the first car load of wheat from this place this season to the El Paso Milling company. The yield, while not so good as some, made more than 20 bushels per acre.

### TORREON OFFICIALS QUIT THEIR OFFICES.

Jefe Politico Resigns and Under Officers Follow—No Reason Is Given—Letona Proves Progressive.

Torreon, Mex., July 19.—The jefe politico of this city, Lic. Luis Garcia de Letona, has resigned and Manuel Martinez is in charge of the office. It has been rumored that Mr. Letona had sent in his resignation, but petitions were circulated asking that the resignation be not accepted. Mr. Martinez will remain in charge until the appointment of a successor is made.

The resignation of Lic. Letona has caused a great deal of regret here and while no cause is given it is believed that his resignation was due to some of the citizens. During his term of office Mr. Letona has inaugurated many public institutions and improvements.

He has built new schools, reduced the high rate of taxation, improved the public parks, ordered the repair of sidewalks and was negotiating for the asphalt of the principal streets.

Immediately upon learning of the resignation of the jefe politico the chief clerk Estanislao Escalante, city treasurer Francisco J. Lozano, president of the city council Dr. Escobar, and others, tendered their resignations and it now appears that Torreon is to have an entirely new set of officials. An apparently well founded report says that a prominent attorney from Saltillo will receive the appointment as jefe politico with power to name the minor officials.
